To attach to your manuscript the recognized value of peer review by ASHRAE and to acknowledge its addition to ASHRAE literature, the industry's and profession's most widely known and respected source of knowledge gained through research and practice, ASHRAE requires authors of ASHRAE-published manuscripts to sign an Agreement to Publish. This requires that authors direct to ASHRAE all requests to use and make available in print and all forms of digital media, ASHRAE-published manuscripts. Thank you for enabling ASHRAE to further advance and improve understanding of environmental technology.

W. Stephen Comstock, Publisher

Manuscript Title:

Author(s):

The author represents and warrants that he/she (with the co-authors listed above) is the author of the manuscript named above and that the manuscript is an original work. In consideration of ASHRAE's publication of the manuscript, the author assigns to ASHRAE any claim of copyright in and to the manuscript and agrees and acknowledges that ASHRAE, as the sole owner of such rights to the manuscript, has the right to publish, reproduce, sell, reprint, and translate the manuscript, in whole or in part, in this and other publications. ASHRAE reserves these rights in print, digital, and all forms of electronic media, whether now known or hereafter invented. The author also acknowledges that ASHRAE has the right to abstract or index the manuscript and the right to offer the manuscript to abstracting or indexing services.

The author warrants that he/she has neither granted nor purported to grant to any person any rights to the manuscript. The author further warrants that he/she shall ensure that no person directly or indirectly assisting him/her whether as employee or subcontractor shall have or expect to have any claim to any rights in or to the copyright to the manuscript.

It is understood by the author that ASHRAE, in accepting the manuscript for publication, does not accept any responsibility for the manuscript's content and accuracy nor for the manuscript containing matter that is libelous or otherwise unlawful, that invades individual privacy, or that infringes on proprietary rights, such as trademarks. In addition, the author warrants that the manuscript has not been previously published or made otherwise freely or commercially available in print, digitally or electronically, and that it is not currently under consideration for publication by any other (ASHRAE or non-ASHRAE) publication.

ASHRAE allows authors to post their ASHRAE-published articles or papers on their personal and institution/corporate Web sites if done so as published by ASHRAE and with credit. Authors also can extract information from articles for subsequent or new works. The following is ASHRAE's copyright notice for author use in such cases: "This article or paper was published in <ASHRAE Publication>, <Edition/Month/Volume> <year>. Copyright <year> ASHRAE. Reprinted by permission at <Web site>. This article may not be copied and/or distributed electronically or in paper form without permission of ASHRAE. For more information about <ASHRAE Publication>, visit www.ashrae.org." Requests from third parties for use of ASHRAE published content should be directed to www.ashrae.org/permissions.

ASHRAE agrees that, if it should not publish the manuscript within one year from the date of this agreement, all rights to the manuscript revert to the author.
